Local Leaders Webinar Series

Managing Contaminated Sites in Your Community

April 14, 2022 at 2:00 p.m. EST

Roxanne Anderson
Brownfield Coordinator
DERR

It's important that local leaders are aware of how contaminated sites are regulated to keep residents safe and what redevelopment opportunities exist. This webinar will explain the basics of environmental clean-up regulations, provide an overview of liability, due care, land, and use restrictions, and explain available Brownfield funding assistance.

Before

After

A former distribution warehouse in Columbus successfully completed the Voluntary Action Program in 2000, and is now known as Grandview Yard.
